Credit Inquiries

Credit inquiries are requests to check your credit. "Hard inquiries" occur when a potential lender is reviewing your credit because you've applied for credit with them, and may affect your credit score. "Soft inquiries" occur when you're checking your own credit file and/or score (such as checking your score with Borrowell), credit checks made by businesses to offer you a quote, or inquiries made by businesses where you already have an account. "Soft inquiries" do not affect your credit score.
